CAMP QUANTUM

COMPUTER SCIENCE AND ENGINEERING EXPLORATION

June 16-20, 2025
UW-La Crosse Campus

PROGRAM HIGHLIGHTS

Faculty Involvement

Learning sessions, workshops, and projects will be led by UWL Computer Science faculty. Topics covered may include coding, software and programming design, web design and development, 3D printing, robotics, and data science management.

Student Panel

Campers will hear from current UWL Computer Science students during a panel. They'll share about life as a UWL student, their experience with the Computer Science and Computer Engineering programs on campus, and future career options.

Variety of Experiences

On-campus classroom experience will be paired with off-campus activities in the beautiful Driftless region. Hiking, swimming, ropes course, etc.!

Relationship Building

Research proves that risk factors go down when youth are surrounded by caring adults, positive programming, and a safe environment. Building meaningful relationships is the key to helping youth develop both academically and emotionally.

PURPOSE & VISION

Camp Quantum is sponsored by the Office of Multicultural Student Services and the Computer Science Department at the University of Wisconsin- La Crosse. UWL Pre-College programs provide academic year tutoring and enrichment, a summer reading component, summer camp opportunities and ongoing mentoring for multicultural students in La Crosse and surrounding communities.

The purpose is to assist youth in specific academic subjects to help youth develop more effective study skills and to provide enrichment and recreational activities.

College students and local professionals will promote understanding, self-awareness, cultural awareness, and appreciation among participating youth. Our college student staff members, volunteers, and adult professionals are from various backgrounds and include positive role models who have the future of our youth as their highest priority.

Shared Vision

Respect is the shared vision that informs all pre-college programs offered by the UW-La Crosse Office of Multicultural Student Services. It is through respect for the wisdom and truth of all people and traditions, and through an understanding of current academic knowledge, that we can encourage our youth to forge a hopeful and peaceful tomorrow. To fulfill this promise requires high integrity, intensity, and real commitment to education, self-discipline, and respect for self, others and the sanctity of all life.
