

## COLLEGE OF SCIENCE AND HEALTH

# Building Wisconsin's STEM workforce

The College of Science and Health is recognized nationally for exceptional faculty, stellar programs and career-ready opportunities.

- Study directly with award-winning faculty and instructors.
- Get hands-on experience with research in state-of-the-art campus labs – setting students up for work or grad school.
- Phase one of the Prairie Springs Science Center opened in fall 2018 with 36 and 23 new instructional and research laboratories. Phase two is awaiting approval.

With opportunities to study multiple STEM disciplines, we'll get students on a path for a successful career.

**98%+**
