IV. Consent Items

- A. Management course prerequisites:** The Management department has allowed business administration minors to take most of their MGT courses for the past several years per the change to the business minor program in 2021. However, it was not actually listed in the catalog text. Per their other changes that came through recently, the department would like to add this existing exception into the text of the catalog on the courses where it applies. The Records Office is updating the forms to reflect the correct text.
