NAVIGATING THE ADVISEMENT REPORT (AR)

The AR is organized into collapsible *sections*. Sections contain collapsible *sub-headings* that categorize requirements. *Requirements* specify what a student needs to complete in order to satisfy degree requirements.

By default, expanded sections contain components with unsatisfied requirements; collapsed sections reflect completion of requirements for that section.

To individually expand or collapse a section, click the green ▶ arrow next to it. You can also use the Collapse All and Expand All buttons at the top of the report. All green arrow icons toggle between collapse and expand.

The AR sections are organized by current course enrollment, university requirements, general education requirements, college/school core, courses not allocated, major, and minors, honors/certificates.

SECTIONS OF THE ADVISEMENT REPORT

1. The *COURSE ENROLLMENTS/ACADEMIC STANDING* section contains currently enrolled including pre-registered courses and your academic standing.

▼ COURSE ENROLLMENTS/ACADEMIC STANDING

List includes current and any future UWL enrollments. Courses with Incomplete (I) grades will also appear here. You have one calendar year to earn a grade (12 months, following the term in which the incomplete was incurred, whether or not you remain enrolled). Failure to do so will result in a grade of "F" being posted to your record. Once graded, the course will no longer appear here. (RG-19999)

Description

This course will examine how our ideas about language intersect with differences in power and social inequality in the United States. These ideas include how we think people "should" speak, who speaks the "best," and which language varieties are valued. Focusing on the role of institutions and their effects on minority language speakers, we will explore issues such as language subordination, stereotypes of US regional dialects and accents, "mixed" languages, "mock" languages, political correctness, and multilingualism. This class will also examine how our ideas about language are used to construct and reflect social boundaries, which can affect people's social and political opportunities.
