# View Your Advisement Report

(2024)

The Advisement Report (AR) in WINGS provides students with access to course and non-course degree requirement information for individual students. This report compares academic records to program/university degree requirements/policies and summarizes academic progress.

HOW TO ACCESS THE ADVISEMENT REPORT

In the Academics section of your Student Center, select the **My Academics** link. Alternatively, you can also select **Advisement Report-AR** from the **Other Academic Information** drop down.

The **My Academics** tab will be selected. Next to **Academic Requirements**, click **View my advisement report**.

NAVIGATING THE ADVISEMENT REPORT (AR)

The AR is organized into collapsible *sections*. Sections contain collapsible *sub-headings* that categorize requirements. *Requirements* specify what a student needs to complete in order to satisfy degree requirements.

By default, expanded sections contain components with unsatisfied requirements; collapsed sections reflect completion of requirements for that section.

To individually expand or collapse a section, click the green arrow next to it. You can also use the Collapse All and Expand All buttons at the top of the report. All green arrow icons toggle between collapse and expand.

Description

This course will examine how our ideas about language intersect with differences in power and social inequality in the United States. These ideas include how we think people "should" speak, who speaks the "best," and which language varieties are valued. Focusing on the role of institutions and their effects on minority language speakers, we will explore issues such as language subordination, stereotypes of US regional dialects and accents, "mixed" languages, "mock" languages, political correctness, and multilingualism. This class will also examine how our ideas about language are used to construct and reflect social boundaries, which can affect people's social and political opportunities.

You can also view the class sections to view section level details for the course and add the course to your shopping cart.

You can also add the course to the planner. The planner allows you to select courses based on your AR requirements to help you plan your academic schedule. You can plan one term, year or your entire academic career using the planner. See the My Planner section for more planner details.

5. The *COLLEGE/SCHOOL CORE* section of the AR is related to college/school core specific requirements. It's based on which college/school your 1st major is in. In the example below, the student is a computer science major which is housed in the College of Science and Health.

6. The *COURSES NOT ALLOCATED (UGRD)* section lists courses not used to meet specific requirements on the Academic Requirement Report. For example, the grade may not have satisfied the minimum requirement, the student may have withdrawn/failed the course, or the course may have exceeded the number of hours needed for electives. Click on the green arrow to expand it to see if courses are in this section.

7. The *MAJOR* and *MINOR* sections include any major and/or minors the student has declared. The following is an example of a biology student with a Spanish minor. The minor requirements here are collapsed, but are not satisfied yet. Click on the green arrow to expand the sections.
